SKILLS & INTEREST

FRONTEND

Proficient in frontend technologies like HTML, CSS, and JavaScript, along with popular frameworks such as React, Angular, and Vue.js to create intuitive and responsive user interfaces.

BACKEND

Experienced in backend development using programming languages like PHP, Node.js, and Python, as well as frameworks such as Laravel and Express.js to build and manage business logic and APIs.

INTEREST

Passionate about web development, I enjoy gaming and movies in my free time, which fuel creativity and problem-solving. I'm dedicated to learning and staying updated with industry trends.
